No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood

and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 629 Catherine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing *only*, you can get a free copy of that celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Another Trunk Mystery.

Late yesterday afternoon the body of Mrs. Wilbur Camp Hammond was found in an old-fashioned high trunk in her apartments in Albany, N. Y. The body was doubled up, the head and feet on top, with a clothesline tied around the neck and feet to keep them together. Mrs. Hammond had not been seen for two weeks, and as her husband was not around it was supposed by the neighbors they were out of town.

The couple occupied the second floor of a three-story house on South Ferry street. For several days the neighbors had noticed a peculiar odor about the house. Finally, the police were notified late yesterday afternoon and a policeman gained an entrance to the Hammond apartments.

In the front parlor, near the fireplace, the trunk with its ghastly contents, was discovered. The cover was slightly raised, the murderer having been unable to arrange the body in the trunk so as to get the cover down entirely.

The floor of the apartment had been liberally covered with chloride of lime, and the cracks and apertures in the doors and windows were stuffed with rags. The body was in such a bad state of decomposition, the coroner said, that it was almost impossible to determine just how death was caused.

Hammond was a cabinetmaker. Mrs. Hammond was 57 years old. A good picture of Hammond was found by the police, and his description has been sent broadcast.

Upon breaking into the rooms the police found that every crack, keyhole and crevice was stuffed with rags. The board covering the fireplace in the adjoining room had been removed, as if to assure a draft to carry odors up the chimney. Outside the hall entrance was found a bottle of perfumery with the stopper out.

By means of all these precautions discovery was delayed and the escape of the murderer greatly facilitated.

The woman was well known in Albany for many years under the name of Mrs. Wilbur Cramp, as the proprietress of a largely patronized hairdressing establishment in the principal business section of the city. This was her second marriage. It took place about two years ago.

She was believed by the neighbors to be wealthy and owned the house in the South End where her body was found. She is said to have been extremely jealous of Hammond and objected to his going out daily to work.

Murder in Dance Hall.

As was stated yesterday election frauds are believed by the police to have caused the murder Wednesday night of W. F. Harrington in the Little Naples dance hall, in New York, and also the probably fatal injuries of Abraham Juckerman, who was found with a fractured skull some distance away from the Little Naples. The dance hall is conducted by Paul Kelly, leader of an East Side gang. From papers found on the dead man and from information obtained from nine prisoners, two of them women, who were arrested after the murder, the police learned that the quarrel started over election matters. One of the prisoners had a marked ballot of the last election in his pocket.

Paul Kelly may himself be a victim of the affray. A bullet hole was found in a hat believed to have been worn by the leader, and from sources which the police have not made known it has been intimated that Kelly is either dead or lying in a critical condition in a hiding place provided by one of his associates.

Harrington was killed in the barroom of the Little Naples during a revolver battle, which left the floors spotted with blood and riddled the pictures on the wall.

Bartender Bernard Escotte, one of those under arrest, said that the fight started when four members of the Liberty Association, which is hostile to the Kelly gang, entered the room after midnight. One of these men, Escotte says, immediately ordered drinks for the whole crowd. When everyone was drinking, he insolently pounded with his fist on the bar and exclaimed: "My best friend was shot here Tuesday morning. Are there any of you here who know how to shoot? If you do, I'd like to have you begin."

The challenge was accepted and in the battle which followed the police say that fifty shots were fired. When the officers arrived Harrington was dead on the floor, and all the others, including the women in the dance hall, had fled after turning out the lights. The dead man's dog was found crouched over his master's body and whining.

The police say that the friend of the Liberty gang, whose name was made the pretext for the fight, is John Ratta, who was wounded at the Little Naples last Tuesday morning. The police also believe that a quarrel over the division of election money was the original cause of the fight.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and save his life. Best in the world for burns and sores. 25c at E. S. Leadbeater & Sons' drug store.

Women in Our Hospitals

Appalling Increase in the Number of Operations Performed Each Year—How Women May Avoid Them.

Going through the hospitals in our large cities one is surprised to find such a large proportion of the patients lying on those snow-white beds women and girls, who are either awaiting or recovering from serious operations.

Why should this be the case? Simply because they have neglected themselves. Ovarian and womb troubles are certainly on the increase among the women of this country—they creep upon them unawares, but every one of those patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from surgical operations.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulency), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, they should remember there is one tried and true remedy.

The following letters cannot fail to bring hope to despairing women.

Mrs. Fred Seydel, 412 N. 54th Street, West Philadelphia, Pa., writes:

Dear Mrs. Pinkham:—

"I was in a very serious condition when I wrote to you for advice. I had a serious womb and ovarian trouble and I could not carry a child to maturity, and was advised that an operation was my only hope of recovery. I could not bear to think of going to the hospital, so wrote you for advice. I did as you instructed me and took Lydia E. Pinkham's Vegetable Compound; and I am not only a well woman to-day, but have a beautiful baby girl six months old. I advise all sick and suffering women to write you for advice, as you have done so much for me."

Miss Ruby Mushrush, of East Chicago, Ind., writes:

Dear Mrs. Pinkham:—

"I have been a great sufferer with irregular menstruation and ovarian trouble, and about three months ago the doctor, after using the X-Ray on me, said I had an abcess on the ovaries and would have to have an operation. My mother wanted me to try Lydia E. Pinkham's Vegetable Compound as a last resort, and it not only saved me from an operation but made me entirely well."

Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. Her advice and medicine have restored thousands to health. Address, Lynn, Mass.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Jeb Stuart's Way.

Like a knight of old on bold crusade,
He spurred his gallant steed,
And drawing forth his bright steel blade,
Dashed on at lightning speed;
His smile was that of a warrior true,
His eyes as bright as the clear blue sky,
As he struck and scattered the hosts in blue
But, alas, his fate was to do and die.
When music held the camp in sway
And songs and laughter filled the air,
The boys were happy with "Stuart's way"
And ever ready, where he would dare.
No knight who ever wore a spur of gold
Was fairer or more noble than he;
None so fondly loved in story told,
Of all the famous knights of history.
The ball that sped to its mark that day
Struck down a hero to his doom;
Eclipsed the South of her brightest ray
And cast a shade of deepest gloom.
Like Stonewall Jackson, 'twas his fate,
And he longed to pass o'er the river's tide
To "rest under the shade of the trees" and wait,
Never again with the "cavalry to ride;"
Never hear again the clash of the steel,
The shout of battle, or the war-horse neigh,
As from his saddle in death's last reel,
He passed o'er the river—He had found his way.

Herb W. Edwards Injured.

Herb W. Edwards, of Des Moines, Iowa, got a fall on an icy walk last winter, spraining his wrist and bruising his knees. "The next day," he says, "they were so sore and stiff I was afraid I would have to stay in bed, but I rubbed them well with Chamberlain's Pain Balm and after a few applications all soreness had disappeared. I feel that this bottle of Pain Balm saved me several days' time, to say nothing of the suffering." This liniment is for sale by Gibson & Timberman and W. F. Creighton & Co.

J. C. MILBURN

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, NOV. 24, 1905.

WHILE everyone who knows anything at all regarding the case of Midshipman Meriwether, who is on trial before a court martial at the Naval Academy at Annapolis charged with manslaughter, as a result of his fight with Midshipman Branch, realizes that the accused had no idea of killing his colleague, all should be glad to see that the "honor code" has at last been dealt a body blow which will mean its undoing. The seriousness of the case has so impressed every man in the Naval Academy that it is safe to say that few who are now in the institution will ever participate in a a prearranged affair like the one in which the young midshipman received his fatal wounds. The testimony of all the witnesses shows that the fight emanated from a number of foolish hazing ideas that have been in vogue sometime, and, also, that many of the midshipmen are a little too sensitive about their "honor." The "honor code" simply provides a way for the man with the exaggerated idea of what should be termed an insult to get reparation if he is stronger, tougher and a better fighter than the man who insulted him. If he is not the stronger or better fighter, he is not only insulted, but gets a "licking" as well, and the "honor code" works very much to his disadvantage in such a case. The code is but a system of evils heaped one upon another, and its abolishment should be brought about for the immediate good of the Naval Academy. The case on trial is so strong an example of what can be done through a purely unintentional course of events that there is hardly a man in the Naval Academy today who will ever participate in another fight during his stay there. Of course, that does not refer to the man who will justly resent an open insult by prompt action, but there will be no more prize fights arranged to act as a calm to someone's wounded honor. Severe punishment should be meted out to the officers at the Academy who permit prize fights there. Their plea that they know nothing about such fights should not stand. If they know nothing about what goes on at the Academy, they are not fit to be officers of the institution, and if they do know and do not stop such brutal fights, then, again, are they unfit to serve in such positions.

DURING the year ended June 30 there were 6523 desertions from the enlisted force of the army, which is 6.8 per cent. of the whole number, as compared with an average of 4.5 per cent. for the ten years ending 1904. Speaking of this evident increase in desertions, General Ainsworth, the military secretary of the army, said that the only real remedy is for the public to socially ostracize the deserter and treat him as a criminal. Some of the reasons given for the increase are the abolition of the canteen, the monotony of garrison life, the greater amount of study and work required and the ability to obtain good employment in civil life, but General Ainsworth believes that the principal cause is "that Americans are not a military people." The actual strength of the military establishment on June 30 was 3,934 officers and 63,022 men. If Gen. Ainsworth's real remedy is the only one adopted to prevent desertion, then desertions will increase rather than diminish. Why there are many real criminals all over the country who are not now ostracized, while there are thousands who should be behind bars but who are held as "good fellows" in every community in which they live

TURKEY'S note in reply to the ultimatum of the powers contains a warning that the action of the powers in resorting to a naval demonstration may precipitate an internal uprising of Musulmans against the Christian population of Turkey. Judging from recent dispatches, the Sultan is justified not only in appealing to public opinion, as far as it exists in Turkey, but to all unbiassed people. The Turks naturally resent the attitude of the European cabinets. As stated yesterday the Turks are especially bitter at seeing Russia, while in the throes of a revolution produced by centuries of oppression, taking a leading part in forcing reforms on Turkey. They sarcastically suggest that the powers would have been better employed in sending their fleets to Odessa to stop the massacre of the Jews, and ask why Europe is so excited over Macedonia and so indifferent to events in the Caucasus and Poland. The whole thing to the Turks seems to be an imstance of Christian fanaticism and they have much ground for viewing the situation in that light.

SENATOR PLATT'S testimony in New York on Wednesday that two of the great life insurance companies in New York were in the habit of handing him $10,000 apiece yearly, with the tacit understanding that they would be protected against injurious legislation or get such legislation as they asked for, is no less an indictment of the officials who used money that did not belong to them than of the party of which Senator Platt was the acknowledged "boss." The whole arrangement reeked with corruption.

A YOUNG British baronet, who has just reached New York, says he has a "system" of play to beat the game at Monte Carlo. If he doesn't get "broke" before he leaves New York it is safe to say he will, should he ever tackle the "wheel" at Monte Carlo again.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., Nov. 24.

In legal circles the opinion prevails that, so far as the Supreme Court of the United States is concerned, Mary Mabel Rogers, the Vermont murderess, is a doomed woman and that nothing will be done to interfere with her execution on December 8 for the brutal killing of her husband. The court will convene again next Monday and a decision on Mrs. Rogers' case is expected then. Mrs. Rogers' appeal is from the decision of the U. S. District Court for the district of Vermont discharging her writ of habeas corpus and remanding her to custody in the State prison.

Will the ladies of America permit this country to enter into a tariff-rate war with Germany? Surely not if they once realize that most of the very light gauze Lisle hosiery comes from the Fatherland. The receptivity of American market, Consul Harris, of Chemnitz, Germany, has just written to this government, for this hoisery, "almost like cobweb," has entirely changed manufacturing methods in Germany, much finer counts than formerly being used on machines. The hosiery industry, he continues, has steadily increased, but America has gobbled up the increased production.

Orrin Clyde Cullen, the man who, according to the records of the State Department, has been victimizing people all around the world by claiming to be an agent of the department and who has threatened Assistant Secretary of State Peirce with a suit for criminal libel because he sent out a circular warning all consuls of the United States against him, has developed a new scheme. He is addressing letters to American consuls all over the world requesting them to send to him sets of the stamps and postal cards issued by the government of the countries in which they are stationed, promising to remit their value on receipt. He asks that the philatelic specimens be sent to him in care of the American Consulate General at Panama. A number of these letters have already been forwarded by the consuls by whom they were received to the State Department for its information. Cullen is the man for whom warrants of arrest are still pending in Virginia on the charge of fraud.

Senator Foraker, of Ohio, this morning, informed the Senate interstate commerce committee that he approved the results desired by the President in the matter of railroad rate regulation, but presented a bill as an amendment to the Elkins law, which he claimed would avoid all of the troublesome legal questions that the President's plan entails, and provide "a more prompt, more economical and more efficient remedy could be secured through an exercise by the government of the rate making power." His plan, as outlined in the bill, is to treat specifically against discriminations, he maintaining that existing laws cover all other forms of abuses by the railroads.

The President this morning announced the appointment of Herbert J. Hegerman, of Roswell. N. M., as Governor of the territory, to take effect at the expiration of Governor Otero's term, January 22, 1906.

Lewis Einstein, of New York, third secretary of the U. S. Embassy to London has been designated by the Secretary of State to act as secretary to the American mission to the conference of the powers on Morocco which will be composed of Ambassador Henry White and Minister Gummere. The exact date of the conference has not yet been definitely fixed but it is expected to be held at Algeciras, Spain, on or about December 15th.

Advices from Japan are to the effect that recently the government broke one of its oldest traditions in allowing foreigners to buy and hold land in that country, and in permitting her own people to mortgage their real-estate holdings. This is regarded as a movement to advance the industrial conditions of Japan.

Turkey's Defiance.

The Sultan of Turkey yesterday issued an irade approving the decision of the council of ministers to reject the demands of the powers for international control of the finances of Macedonia. Whether the rejection is absolute or conditional has not been definitely ascertained.

Baron von Calice, the Austro-Hungarian ambassador at Constantinople, has telegraphed Admiral Ritter von Jedine for a portion of the international fleet to sail immediately, proceeding either to Mytilene (an island of the Grecian archipelago belonging to Turkey, in Asia), or for Besika bay (near the entrace of the Dardanelles).

A dispatch from Athens says it is understood that the international fleet will sail today. The foreign ministers yesterday paid visits to the commanders of the warships of their respective countries. The commanders later held a conference on board the Austrian flagship.

Demand for Bread.

St. Petersburg, Nov. 24.—Private advices received from Vassilievra in the government of Saratoff, say that hungry peasants made a demand upon their landlord for bread. Their demand was refused, however, the land owner declaring he would rather give bread to his dogs, than to the peasants. The peasants then plundered the estate. Cossacks were called to the place, and killed 200 of the peasants and outraged many women.

Power of Niagara River.

Niagara river, in its course from Lake Erie to Lake Ontario, falls a distance of 627 feet. A survey by the United States engineers who measured the flow of the river below the falls shows that it discharges 230,000 cubic feet of water a second from the one lake to the other. In its descent of 27 miles from lake to lake, Niagara river develops the equivalent of about 9,000,000 theoretical horsepower.

News of the Day.

It is generally believed British Premier Balfour will resign soon and that the liberals will be asked to form a new government.

Attorneys for W. R. Hearst yesterday obtained an order forbidding the issuance of a certificate of election to Mayor McClellan pending the settlement of the contest.

Japanese engineers estimate that 18 months' work will be required to repair the Chinese Eastern Railway in Manchuria. The Russians did all possible to destroy its value and carried away most of the appurtenances.

The battleship Virginia completed her official speed tests yesterday in a four-hour endurance run down the coast, during which she slightly exceeded her contract speed of 19 knots an hour by maintaining an average revolution of her propellers of 129.5 a minute. Her speed desterday, as announced by the trial board, was 19.01 knots an hour.

Crisis in British Cabinet.

Tremendous activity developed in political circles in London yesterday consequent on the circulation of a well-founded report that Premier Balfour had decided to bring his ministry to a close and to directly or indirectly appeal to the country.

Rumors regarding the resignation of the cabinet and the dissolution of Parliament have been thick for three months past, but when two of the leading government organs yesterday almost in the same terms "suggested" the immediate resignation of the premier on account of the unmendable breach in the unionist party over the fiscal question, the "suggestion" was looked upon as having been inspired by Mr. Balfour himself. This was strengthened by the knowledge that prior to the publication of the editorials Mr. Balfour met certain influential persons at his official residence in Downing street.

These two facts, when coupled, led to the belief that the premier had intimated at the conference his intention to resign, and as he had just returned from a visit to King Edward, at Windsor Castle, it was believed that the king had been informed of Mr. Balfour's intentions. Beyond this, however, there is not the slightest official confirmation of the report.

All political interest now centers in the cabinet meeting to be held today at which, it is understood, the situation will be discussed. Some well-informed persons went so far as to say that Mr. Balfour would go from the meeting to King Edward with the resignations of himself and the other members of the Cabinet.

Virginia News.

Aaron H. Palmer, of Roanoke, Va., has been elected steward of the Virginia Military Institute.

David Lowenburg, director-general of the Jamestown Exposition, suffered a stroke of paralysis, in Norfolk, yesterday.

Mrs. Lavinia Gibbons Lee, 84 years old, died Thursday at the home of her son-in-law, Capt. George M. Rogers, at Fulton, Richmond. Mrs. Lee was the widow of Robert R. Lee, of the Methodist church.

A meeting of the militia officers from throughout the State will be held in Richmond November 30. The object of the meeting will be to perfect an organization who will look to the betterment of the militia in the State.

The first annual meeting of the Grand Herd Convention of Buffaloes, in session in Richmond, adjourned yesterday to meet next August in Cincinnati, after electing Charles T. Bland, of Portsmouth, grand bison, and other officers.

Dr. L. R. Chiles and James E. Franklin, arrested in connection with the case of Miss Sarah Atkinson, who died at the Norfolk Protestant Hospital as a result of an alleged criminal operation, waived examination in the Norfolk Police Court and were yesterday sent on to the December grand jury.

Edgehill, the residence of J. L. Vaughan, near Richmond was burned to the ground yesterday. Considerable household effects were saved from the flames, but the damage to these was considerable. The property was about half insured. Edgehill was probably the most magnificently appointed country home in the Shawsville section.

Stephen Putney, one of the oldest members of the well-known shoe house of Stephen Putney & Co., and closely identified with the business life of Richmond, died last night after a long illness of heart disease. He is survived by two children, his second wife, who was Miss Ellie Withers, daughter of former Senator Robert E. Withers.

Ben Armel, the 16 year-old son of Jesse Armel, of White Post, Clarke county, fell from a traction engine late yesterday afternoon and was run over and probably fatally injured. The boy was riding on the engine, which was being moved across a field. He fell directly in front of the wheels, which passed over both thighs, crushing them to a pulp.

Judge Grinnan in Richmond allowed the employing printers who figured in the strike proceedings twenty days in which to prepare an appeal from his order dissolving the injunction recently granted. This leaves the matter as it was before the judge gave his opinion dissolving the injunction, and the original injunction will stand for twenty days before Judge Grinnan's order goes into effect.

Mr. Henry C. Sellman, of Leesburg, died at his home Thursday night of paralysis, aged 68 years. He was a native of Maryland, a Confederate soldier and served throughout the war with distinguished gallantry in Colonel White's battalion. He married a daughter of the late Dr. A. R. Mott, of Leesburg, and is survived by his widow and one daughter, Miss Clara Sellman. His remains were interred in Union Cemetery, Leesburg, today.

Winston Gaines, colored, of Charles City Courthouse, was hanged in the county jail yard Wednesday. Gaines was a complete nervous wreck and had to be taken bodily and carried to the scaffold. On the night of the 13th of May he entered the home of an old respectable colored woman, named Laura Ennis, and her granddaughter, Nannie Christian. He killed the old whman with a club and left the young one for dead, but she recovered and exposed the crime. His motive for murder was that Nannie had refused to marry him and her grandmother had been the cause of the refusal. Gaines made a full confession before he died.

The Meriwether Trial.

Yesterday was the second day of the trial of Midshipman Meriwether charged with causing the death of Midshipman Branch. Most of the day was spent in presenting to the court a professional side of the matter. All of the physicians and surgeons connected with the case were examined, and when the afternoon session closed, shortly after 5 o'clock, Judge Advocate Marix stated that the prosecution had finished its case, and that the defense would introduce its side of the affair today.

Dr. J. C. Byrnes, senior medical officer at the academy, said the immediate cause of death was concussion of the brain, which could have been caused by the fist fight.

Dr. J. M. T. Finney, who operated on Branch, and Dr. Henry M. Thomas described the surgical features of the case.

Meriwether was required to stand up, and Dr. Finney was asked whether it were possible for a young man of his build to have inflicted such injuries in a fist fight. "I think it could," was the answer.

All the physicians expressed the opinion that earlier medical attention for Branch would have been of no avail.

Couple Tired of Life.

A case of murder and suicide was revealed at Claremont, N. H., yesterday when the bodies of a man and a woman were found in the woods near that place. Clasped in the man's hands was a revolver with two chambers emptied. It is believed the bodies are those of H. W. Leavitt and wife, of Newport, Me. The coroner states that there is evidence that the woman made a vain attempt to commit suicide and that the man then shot her and killed himself. The man was about forty and the woman twenty. A letter found in the man's pocket was as follows: "Anything that may be found in our pockets, money, &c., please forward to Mrs. Mary J. Leavitt, Lisbon Falls, Maine. Myself and wife have loved, lived together, and now decide to die together—not insane, but just tired of life. Good by to all."

Today's Telegraphic News

Virginia Debt Commission.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 24.—The Virginia Debt Commission is in session here today considering the matter of West Virginia's unpaid share of the war debt. No definite action has yet been taken by it. It seems almost certain that the commission will determine to sue West Virginia.

Meeting of British Cabinet.

London, Nov. 24.—Whatever may be the outcome of today's Cabinet meeting it may be taken for granted that there will be no general election before January. Every one from King Edward down opposes holding an election during the Christmas season.

The best information obtainable at present is to the effect that Premier Balfour is undecided what to do, although a final decision may be reached at the meeting of the ministers today.

Mr. Balfour's troubles have been increased owing to the fact that Lord Londonderry, Lord President of the Council, has tendered his resignation as the result of Joseph Chamberlain's criticism of the Lord President's anti-protection views.

There is no doubt that Mr. Balfour's days as Premier are numbered, but there is a possibility that he will continue at the head of the government until the general election is held. Should he resign as the result of today's deliberation by the Cabinet a peculiar situation would result, as the liberals are opposed to Sir Henry Campbell-Bannerman, the liberal leader in the House of Commons, accepting the premiership until after an election has been held.

The Manchester Guardian has suggested that King Edward may ask Joseph Chamberlain to form a ministry in case of Mr. Balfour's resignation, and the liberals are unwilling to accept the responsibility of taking office, at this time.

The cabinet assembled at noon, and all members were in attendance except Lord Salisbury, Lord Privy Seal, who was recently operated upon for appendicitis and has not sufficiently recovered to permit him to be present. There was no crowd in Downing street about the meeting place and only a languid interest was manifested in the session. There was no demonstration as the cabinet members arrived.

The Central News says it understands that as a result of the meeting of the Cabinet it was decided to make an appeal to the country. It is not known whether or not any date for the election was definitely fixed. The suggestion that the Cabinet should resign did not meet with favor because of the attitude assumed by the liberals in declining to act as a "stop gap," to tide over the government until the election can be held, by forming a new Cabinet at this time.

It is generally understood that the cabinet decided there is no necessity for immediate resignation.

No official announcement as to what has been done at the cabinet meeting of the future policy of the government is expected today, as Premier Balfour will go to the country this evening and remain until Monday.

The Meriwether Court Martial.

Annapolis, Md., November 24.—The naval court martial which is trying Midshipman Meriwether, jr., opened its session this morning in the Board of Visitors' Room, in the officers' club, where Admiral Sands, Superintendent of the Academy, has furnished much more commodious quarters than those in which the first two days' sessions were held. Interest attaches largely to the effect on the traditional system of honorable satisfaction for personal insult, which has obtained for fifty years in the naval school. The impression is fixed that Meriwether cannot be convicted of manslaughter, the testimony introduced by the prosecution showing that aside from the steps taken by Meriwether to provoke the fight, the contest was fair and that Meriwether displayed sportsmanlike forbearance at all stages of the fight.

Offences of a minor character, under section 3 of article 8, of the naval regulations, using profane language and engaging in a prize fight, with Branch, for which Meriwether is being tried, in addition to manslaughter, have been amply established by Judge Advocate Marix. Meriwether's defense to these can only be such a proof of the existence of the system as to exonerate him individually of more blame for having fought Branch than has been carried away from the Academy by nearly every officer who has graduated in the memory of men, for nearly every graduate has had one or more fights.

Dr. A. D. D. McCormick, one of the academy physicians, who attended Branch from the time he reached the hospital, until his death, was called this morning by Captain Marix. He rehearsed the anacomical features of Branch's injuries, described all day yesterday by the several physicians who states the case. Branch's death, Dr. McCormick stated, unequivocally, was primarily caused by the prize fight.

Naval Surgeon Stone who was the first witness yesterday, was recalled and furnished the record of Branch's last physical examination. It showed that Branch's condition was standard in all respect.

Just after the prosecution closed its presentation of testimony at 12:30 this afternoon, Commander Robinson, for the accused, moved that the court martial order an exhumation of the body of Midshipman Branch.

Capt. Marix, judge advocate, expressed the view that the court had the power to do this, but he thought it should not be done without the permission of the family.

The court then went into executive session to consider the matter.

At 1:15 this afternoon Admiral Ramsey, President of the Meriwether court martial announced that the court had decided to grant the request of the accused the body of Midshipman Branch be exhumed and an autopsy be performed. The autopsy will probably take place tomorrow. In the meantime the defense will proceed with the examination of witnesses.

Peasants' Congress.

Moscow, Russia, Nov. 24.—The peasants' congress which is in session here today decided to make an appeal to the nation not to pay taxes until the demands of the people for reforms have been fully granted. If this appeal is heeded it will mean the ruining of Russian finances. The congress also condemned the recent Jewish massacres.

Steamship War.

Berlin, Nov. 24.—The dispute between the Hamburg-American and North German Lloyd steamship lines has become greatly intensified. The former company has declared a relentless tariff war and the latter will retaliate. The agreement whereby the spheres of influence of the companies throughout the world was defined will be cancelled on January 1, 1906, and the Hamburg line announces that in the future it will compete everywhere with its rival. The Hamburg-American line proposes to institute new routes and will try to eject the North German Lloyd from the field it now occupies. The latter company proposes to institute retaliatory measures and a lively fight between the companies is anticipated.

A Deadlock.

Buffalo, N. Y., Nov. 24.—At 8 o'clock last night the conference between the independent glass manufacturers and the executive committee of the Amalgamated Association of Window Glass Workers came to a close in a deadlock. The conference will be resumed in Pittsburg on December 8th. The object of the conference was stated by President Faulkner to be an organization of the independent window glass manufacturers to keep up the price list to compete with the American Window Glass Company, commonly known as the trust. About fifteen independent manufacturers representing 1,300 pots were present. The executive committee of the workers represented 6,000 window glass workers in the East and West.

Mitchell Predict's Strike.

Cleveland, O., Nov. 24.—A coal strike and lock-out affecting about 500,000 workmen and paralyzing the bituminous and anthracite industry is predicted for April 1, 1906, by John Mitchell, President of the United Mine Workers of America, one of the foremost labor leaders in the country. Here in attendance at the American Federation of Labor convention, he said: "Not only will our members not accept a cut in wages, but they will probably demand a restoration of the 5½ per cent. reduction on agreed to in the bituminous field last year, as well as a raise for the protest paid men in and about the mines and the anthracite district.

Anniversary of Massacre.

Bethlehem, Pa., Nov. 24.—The sesquicentennial anniversary of the massacre by Indians on November 24, 1755, of the entire population, composed mostly of Moravian missionaries, at Gnadenhutton, now the site of Lehighton, Carbon county, was observed there today. It was the most interesting historical event that has transpired in the Lehigh Valley in recent years. The celebration was observed under the auspices of the Moravian Historical Society, of this place. Nearly every town in the Lehigh Valley was represented at the celebration.

Another Mutiny.

Vienna, Nov. 24.—Advices received today from Budapest, Roumania, say that the crew of two Russian merchant vessels, the Behirabeth and Kilia, lying at Bralia, Roumania, have mutinied and refuse to return to Russia. A mail steamer which arrived in the port brought many Russian revolutionaries. The Roumanian authorities refuse to allow them to land.

Rumors of Another Revolt.

Warsaw, Poland, Nov. 24.—Persistent rumors to the effect that the Manchurian army has revolted are again in circulation and have been revived by the receipt of private advices which say that the mutineers have completely burned Harbin.

Russian Deficit.

Berlin, Nov. 24.—Professor Ballod, an eminent authority on Russian finances, states that the Russia deficit for the year 1905 will amount to at least $250,000,000.

New York Stock Market.

New York, Nov. 24. 11 a. m.—The market movements during the first hour were irregular, with advances and declines at the same time in a number of different issues. Some brokers considered the tone of the market disappointing, but they attributed a large part of the selling to the news of the retirement of the Balfour cabinet and the Turkish tangle. Commission houses sold a few stocks and outside speculators seemed to wait for another reaction. Government bonds unchanged.

TELEGRAPHIC BREVITIES.

A dispatch from Chicago says that the condition of Marshall Field, jr., at 8 o'clock this morning was unchanged, the patient having rested fairly well during the night.

Two freight trains on the Middle Division of the Pennsylvania Railroad collided near Newport Pa., this morning, and a mail train ran into the wreck. One man was killed and five injured.

During a terrific storm on Lake Michigan the steamer Argo went hard aground on a sand bar north of the North Pier, and all efforts to release her have, up to this time, been futile. The boat is in great danger of being pounded to pieces.

An explosion of gas in the pipes in the Rue Montmartre, in Paris, today, tore up the sidewalk for a distance of 300 feet. Pedestrians on the walk were hurled into the air, and landed in the street. Six persons are known to have been injured by the explosion.

A dispatch from Boston says that Captain Dan Hurley of the Harvard football team is in a more serious condition than earlier reports have indicated. His entire left side is affected, and while the doctors who are attending him say positively that this trouble will not be permanent, they admit that it is impossible to give any opinion as to the date of his complete recovery.

Secretary Wilson Speaks.

The leading feature of the convention of Commissioners of Agriculture of the southern States, in Richmond, was the address yesterday afternoon of United States Secretary of Agriculture, James Wilson.

The Chamber of Commerce was filled with prominent business men and farmers, besides the members of the convention, Mr. Wilson spoke in regard to agriculture and immigration in the South and was heard with deep attention.

The morning session was principally devoted to an address on immigration by Commissioner E. J. Watson, of South Carolina. He advocated the solicitation of immigrants of the agricultural class only, they being the best class of immigrants coming to this country. He believes such selection can be made if proper effort is exerted.

Dr. John R. Mohler, of the Department of Agriculture, read a paper on the fever tick, which was discussed at length. The opinion was reached that it is possible to eradicate this tick, which is so destructive to cattle industry. Dr. Tait Butler declared that, if it took $100,000,000, it would pay to eradicate the fever tick.

Cut Off Son-in-Law.

Friends of the family of John G. A. Leishman, United Minister to Turkey, have received letters in Pittsburg, Pa., from Paris saying in effect that Mr. Leishman has declared himself against supporting his noble son-in-law further in his extravagance, and that he has ordered Count Louis de Contaut Biron, the offending son-in-law, from the Leishman home in Paris. This affair is said by the Pittsburg colony in Paris to have created a great sensation. This outcome was not unexpected by the Pittsburg friends of Mr. Leishman. He was opposed to his daughter marrying a penniless title in the first place and since that time stories have come by each steamer of the extravagance of the count and countess in Paris. A short time ago Mr. Leishman is said to have sent word that not another cent of his money would go toward paying the bills of the count. The countess, according to the letters reaching Pittsburg, has declared herself on her husband's side. The latest escapade of the count and countess is said to have been the creating of a new skating society in Paris because the count fell out with the director of a fashionable skating society there.

Proposed Protestant Cathedral.

The plan to erect in Washington a national Protestant Episcopal cathedral again received substantial recognition yesterday, when, at a meeting of the board of trustees, it was announced that a gift of $50,000 was available upon certain conditions. The gift, it is stated, will be donated by a Washington woman toward the cathedral foundation as a memorial to her mother, the condition being that the amount of the mortgage on the land be reduced to an amount equal to the gift. It is added that the reduction of the amount of the mortgage must be made before Thanksgiving Day. This will necessitate the raising of about $12,000 within the next week, a task which, in the opinion of the trustees, will not be hard, on account of the interest aroused by the announcement of the gift. The land upon which it is proposed to erect the edifice consists of 40 acres. It was purchased in 1898 and its valuation is $291,000, outside of the improvements, which are valued at about $600,000. Since the land was purchased efforts have been made continuously to lift the mortgage placed upon it.

Gored to Death by a Bull.

Run down by an angry bull, whose eyes glistened with fire, Mason Allen, 70 years old, who lived on the Peterson estate, near Mistletoe Springs, Md., on the Baltimore and Ohio Railroad, which is about three miles from Laurel, was gored to death yesterday afternoon. The bull was in the pasture and attacked Mr. Allen without warning. The old man was hurled to the ground with terrific force by the maddened animal, which proceeded to thrust its horns into his body with horrifying effect. The man was helpless to beat off the animal. Mrs Allen was attracted to the scene by her husband's piteous cries, but all she could do was to stand and scream frantically. A colored man employed on the place ran to Mr. Allen's rescue with a pitchfork and several times prodded the steel into the bull's body. The animal then rushed towards the colored man. The negro narrowly escaped with his life, but finally managed to beat off the bull. Mr. Allen was picked up and carried into his home, where he died in three hours.

Prince Praised Virginia Woman.

The news has been received in Winchester that Prince Louis of Battenburg while in New York at a dinner given in his honor by Vernon H. Brown, vice-president of the Cunard Steamship Company, declared that Mr. Brown's daughter-in-law, Mrs. Gardiner Willard Brown, was the most beautiful woman he had seen in America. Mrs. Brown was Miss Mary Eliza Russell, daughter of James B. Russell, of Winchester, and was married to Mr. Brown in Winchester, last June. "Mrs. Brown is the most beautiful woman I have seen during my visit to America, the land of fair women," said Prince Louis before the evening was over. "You say she is a Virginia girl?" asked his serene highness. "Then Virginia should be proud of her as a daughter. She is indeed fair to look upon."

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that they declared were entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Company, Des Moines, Iowa, U. S. A. The absence of all narcotics makes this remedy the safest and best that can be had; and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough Remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. When taken in time it prevents pneumonia. This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

Fined Fifty Dollars.

Linnie Bloom, a resident of north Lee street, went to the station house last night and swore out a warrant for the arrest of Joseph Davis, whom she charged with assaulting and beating her. The accused was arrested by Officers Lyles and Beach and left $10 for his appearance at the Police Court this morning. He could not be found when his case was called, and forfeited his collateral. The Bloom woman was subsequently arranged on a charge of selling beer without a license upon evidence obtained by the officers who had arrested Davis, and fined $50. Justice Caton told the woman that some of her sex persisted in selling beer on north Lee street and that fines would be assessed when the offense were proven.

Mr. Rixey a Witness.

The taking of the testimony in the case of Pendleton Taylor, colored, the former Virginia school-teacher indicted for the murder of his wife, was begun in Criminal Branch No 1 of the Supreme Court of the District of Columbia yesterday. The case will be submitted to the jury some time today. Among the witnesses called to testify in behalf of the defense is Representative Rixey, of Virginia. According to the evidence, Taylor quarreled with his wife at their home, in Georgetown, on December 29, 1904, and struck her on the head with a hatchet, but the injury did not prove fatal until five months later. He claims self-defense.

For Convenience of Reporters.

Officer Gill is constructing a platform in the Police Court room for the convenience of newspaper men and others whose business takes them to that tribunal. When certain alterations were made in the court room recently the dock into which prisoners had previously been conducted was turned over to the reporters and their former quarters in the southern portion of the room given over to the prisoners. The work in which Officer Gill is now engaged will elevate the newspaper men to a level with the court and will make their places much more satisfactory.

Effect on Saloons.

Since passenger trains have been passing around Alexandria instead of through Henry and Fayette streets the number of patrons of saloons in the western section of the city, conducted mostly for the convenience of the colored race, has fallen off. Fayette street from King to Queen is by no means as animated as it was a few months ago, and the proprietors of some of the resorts say somebody will be compelled to go out of business.

Brakeman Hurt.

Mr. Robert Travers, brakeman on the Southern Railway, who was injured by falling between cars of a moving train at Monroe yesterday, is a resident of this city, and a son of Mr. Robert Travers. The nature of his injuries has not been definitely ascertained. It was at first reported that he had been seriously hurt, but later information was more encouraging and afforded relief to his relatives and friends.

Property Sales.

Dr. Julian T. Miller has sold to Mr. T. Calvert Perry the lot at the northwest corner of Washington and Wolfe streets. Mr. Perry recently purchased the dwelling adjoining the lot on the north.

Mrs. Eva Bowen has sold to Mr. J. W. Doherty a house and lot at the corner of Princess and Pitt streets for $950.

More Contributions.

The committee soliciting aid for the sufferers in Russia have received the following additional contributions: Cash, 50c; cash, 25c; W. F. Lambert, $10; Wm. H. Lambert, $5; Professor Andrews, $2; W. H. Whiting, $1; friend, $1; Dr. M. D. Delaney, $2. The amount to date is $560.60. Any subscriptions will be received by the committee, Messrs. M. Morris, L. Ruben and F. Bendheim.

Carriage Overturned.

A horse attatched to a carriage in charge of Moses Stevens, colored, became frightened last night near Spring Park by a locomotive whistle and overturned the vehicle on the north side of King street extended, in front of Mr. Benj. Baggett's residence. The buggy was thrown on top of the driver and horse, but both escaped serious injury.

Colored Elks.

Alexandria Lodge, No. 48, colored Elks, are making preparations for holding either memorial services in Shiloh Baptist Church on the first Sunday in December. An interesting programme of exercises is being prepared for the occasion.

Alarm of Fire.

The alarm of fire about eleven o'clock this morning was cause by the discovery of a slight blaze on the roof of a frame house on the corner of Queen and Payne streets. The department responded, but the flames were subdued by extinguishers.

A marriage license was issued in Washington yesterday to Charles M. Souder, of Lottsville, and Dora V. Titus, of Leesburg.

"Dora Thorne" Tonight.

This play and book of "Dora Thorn" deals with a beautiful love story in a rural English home. An innocent young girl, daughter of a lodge keeper of an Englishman of high birth, is loved by the son of the latter. The match meets with the disfavor of the young man's father, but he choses Dora Thorne and marries her. The young girl loves the young man quite as well as he loves her, but through the efforts of a young sailor, who has loved the girl from early childhood, and who also desires to make her and his wife, the young people are separated made to believe later that each has been unfaithful to the other. The young sailor returns after a two year voyages to find that Dora's favor has been transferred from him to the young nobleman and several complications arise. The time arrives when honesty and faithfulness triumph and the closing scene finds everything favorable for the young folks. The Company appearing in "Dora Thorn" is said to be of exceptional merit and the scenery and costumes are said to be beautiful. The scenic and electrical effects in the last act, the illuminated gardens at Earl Manor, are said to be especially commendable. The company will appear at the Opera House tonight.

Mr. John B. McCrea, a Philadelphia banker, who was a passenger on a train of the Cambria and Clearfield Division of the Pennsylvania Railroad that was wrecked recently has sent a letter to the manager of the Dora Thorn Company commending the work of the ladies of that Company who were also aboard of the ill-fated train. Mr. McCrae says they proved to be angels of mercy in their heroism and attention to all who were injured in the wreck.

Attempted Suicide.

Robert H. Barr, who swallowed an ounce of laudanum at Broadway and Chambers street, New York, yesterday, and fell insensible, is a resident of Washington. He was taken to the Hudson street hospital, where he revived after vigorous effort, and told who he was. It is thought that he will recover. Barr, who is not more than twenty-one years of age, was married about eleven months ago. He left his home Tuesday night saying he would return in a short time. Instead of doing so, he wrote Mrs. Barr a letter declaring he would end his life by swallowing poison and then throwing himself into the Potomac from the Alexandria and Washington ferry steamer. Nothing else was heard from him until the telegram was received from New York yesterday describing his attempt at suicide. No cause is known for his attempt to end his life.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Jack Smith, colored, arrested by Officer Lyles charged with disorderly conduct and fighting, was fined $10.

Joseph Davis, arrested by Officers Lyles and Beach charged with assaulting and beating Linnie Bloom, forfeited $10 collateral by failing to appear. The woman was subsequently fined $50 for selling beer without a license.

Three white boys, arrested by Officers Knight and Arrington charged with entering a house boat and stealing articles therefrom, were dismissed for want of evidence.

Charles Lloyd, arrested by Officers Knight and Ferguson for vagrancy, was held pending a further examination.

Caught the Thief.

Robert Smith, colored, picked up a pair of shoes from the front of J. Bernheimer & Co.'s store, southwest corner of King and Lee streets, early this afternoon, and started away with them. Mr. Joseph Williams, who drives a team for Mr. Thos. W. Robinson, witnessed the act, and started in pursuit of Smith. He ran him to the corner of Wolfe and Washington streets, where he caught him, recovered the shoes and took Smith to the station house.

After Oyster Pirates.

The Maryland oyster police steamer Gov. Thomas has joined the police steamer Gov. McLean and with the schooner Bessie Jones is patrolling the Potomac river oyster-taking ground, and a determined effort, it is stated, is to be made to put a stop to the scraping of the public beds by the oyster pirates who take shells, small oysters and everything and leave the beds absolutely barren.

WEAK HEARTS

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol

Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Returned the Stool.

Japanese newspapers received by the steamer Shawmut, which recently arrived at Victoria, B. C., criticise W. J. Bryan, now visiting Japan, because of his attempt to purchase the war stool upon which Admiral Togo sat when he attended the Shinto ceremonial in Uyeno Park at Tokio to celebrate the naval triumph.

The stool, which was used for a similar purpose for centuries, since 1607, has been handed down in the Ogasawara family of Shinto priests, which family alone had authority to conduct such ceremonies.

The papers say Mr. Bryan went from Yokohama to attend the ceremony and asked to be permitted to sit upon a seat of such good omen. No objection was made, but, so the story runs, Bryan then tried to purchase the heirloom. The owners replied indignantly that the war stool was not for sale. The Jiji Shimpo says the chair was finally handed over to Mr. Bryan, at his earnest request, after a family consultation of the Ogasawaras. Learning after leaving Tokio of the special character of the chair, Mr. Bryan returned it to the Mayor of Tokio with a letter explaining that he had no idea of the stool's exceptional value to the Ogasawara family and, under the circumstances, should not think of retaining it.

Arlington for Civilians.

A suggestion has been made by Quarter-master General Humphreys, of the army, in his report to the Secretary of War that distinguished civilian dead be accorded the privilege of interment at Arlington and other cemeteries made famous so far only by the ashes of those who fought for their country in the army and navy. It is pointed out that the military cemeteries, especially Arlington, have become the places toward which the eyes of the country turn as the resting-places of famous and brave men. For this reason, it is thought that the privilege should be accorded to other great civilians, statesmen and scholars so that Arlington cemetery would in time become the resting place of the country's great men, whether that greatness was achieved by the sword or by the greater art of peace. Nothing further has been done regarding the suggestion, and as the Secretary of War has not completed his report, it is not known whether he will embody the suggestion in his recommendations to Congress, for it is certain that the matter will have to come up before Congress for that body to decide before any definite action is taken in the matter.

May be Summarily Removed.

The President has issued an executive order amending the civil service rules in substance to conform to his recent order relative to the dismissal of employees in the classified service without hearing by direction of the President or head of an executive department. As laid down in the rule, which is an amendment to civil service rule XII., this principle is prefaced by the following statement:

"2. No person shall be removed from a competitive position except for such cause as will promote the efficiency of the service."

Another difference from the order of October 17 is the substitution for the phrase "such removal will be made without hearing" of the words "such removal may be made without notice to such officer or employee."

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at E. S. Leadbeater & Sons' drug store; price 50c.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or no unpleasant effect. Sold by Gibson & Timberman and W. F. Creighton & Co.

Do not be deceived by counterfeits when you buy Witch Hazel Salve. The name of E. C. DeWitt & Co. is on every box of the genuine. Piles in their worst form will soon pass away if you will apply DeWitt's Witch Hazel Salve night and morning. Best for Cuts, Burns, Boils, Tetter, Eczema, etc. Sold by W. F. Creighton & Co., 401 King street.

Nature Needs But Little.

Nature needs only a Little Early Riser now and then to keep the bowels clean, the liver active, and the system free from bile, headaches, constipation, etc. The famous little pills "Early Risers" are pleasant in effect and perfect in action. They never gripe or sicken, but tone and strengthen the liver and kidneys. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS.
